DETAILED ACTION

Allowable Subject Matter

The claims remain allowable over the art of record. However, numerous minor errors have been found in the claims which need to be corrected before this case can be passed to issue.

The newly filed amendment has been entered and the finality of the rejection mailed 3/10/08 has been withdrawn.

Claim Objections

Claims 1-20 are objected to because of the following informalities: claim 1, line 7 'has' should be changed to --have--; claim 1, line 8 'has' should be changed to --have--; in the dependent claims 'Claim' should not be capitalized. Appropriate correction is required.

Claim Rejections - 35 USC § 112

Claims 1-20 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. There is no proper antecedent basis for claim 1, line 4 'the peripheral insert'; claim 2, line 1 'the abutting surfaces'; claims 6,12-20 'said insert'. Applicant should carefully review the claims for any similar errors.
